

IMVC FOUNDATION

OUR PURPOSE

IMVC Foundation's purpose is to support and advance the accessibility of vulnerable and marginalised youth to education and employment, providing them with opportunities to fulfil their personal potential for economic and social participation.

Our vision is for an inclusive community where all youth have access to education and employment, and can be involved, engaged and contribute to our society.

WHO WE HELP

Not all of us start out with the same opportunities. At IMVC we believe everybody deserves equal opportunity to succeed. Our goal is to provide at-risk young people with a better chance of finding employment or further education to reach their individual goals. 4,500

IMVC Foundation funds support more than 4,500 youth in employment and education.

80%

More than 80% of the young people we help, do not have a Year 12 certificate.
